Standard Details

All standard beds are designed to accommodate standard American box spring and mattress sizes.

Steel slat supports are used with all standard beds.

California and Eastern King sizes have slats with a center foot for extra support.

Queen size beds do not have a center foot.

The slats are attached with steel "L" brackets.

Please advise if client specifies a custom luxury mattress or combo mattress/box spring frame. These can vary from the standard dimensions shown and require a custom quotation.

Full, Twin and Twin XL sizes require a custom quotation.

Beds come with ¼" thick nylon glides attached to the feet but are not represented in the following illustrations.

These will vary by bed:

For all wood beds, the slats are attached with steel "L" brackets.

For all metal beds, the slats are attached to integrated tabs.
